EX-KING MANUEL AND BRIDE TO LIVE APART

Honeymoon of Debauched King of Portugal and German Princess Comes To Abrupt End—"Queen" Augusta Tells Intimate Friend She Will Never Live With Manuel.

BERLIN, Sept. 30.—"I am finally decided never to live with my husband, King Manuel of Portugal," was the emphatic declaration of Queen Augusta Victoria, the German princess-bride of the debauched Portuguese monarch, to one of her closest friends this morning. The royal wife would make no explanation of the reason of her decision, but merely stated that she felt it was her duty to do so. It is said that the king is a dissolute man, and that he has been guilty of many crimes. The queen, on the other hand, is a devout and virtuous woman. She has been married to the king for several years, but they have never lived together. The queen has been living in a separate apartment in the palace, and the king has been living in another. The queen has been very kind to the king, but she has never been able to win his affection. She has been very kind to the king, but she has never been able to win his affection. She has been very kind to the king, but she has never been able to win his affection.

Under no circumstances whatever will I continue to live with him," she reiterated, when pressed to consider the scandal and trouble such a course would make for her royal life at St. Petersburg. The aristocratic world of Germany is astonished at the news, and rumors are flying throughout the country regarding the queen's sudden change of heart. The queen's decision is said to be a result of a long and painful struggle. She has been very kind to the king, but she has never been able to win his affection. She has been very kind to the king, but she has never been able to win his affection. She has been very kind to the king, but she has never been able to win his affection.

with a very high level of the latest style in Hair Goggles; styles to suit all ages; and give information on any transformation. Buses, Pump Cars, and other facilities, at a first demonstration to all.

Continued, if you are bald, call and see Prof. Fenker. He will give you a full and complete examination of your hair, and also determine if you are balding, and if so, how to stop it. He will also give you information on any transformation. Buses, Pump Cars, and other facilities, at a first demonstration to all.

Ladies who are balding, kindly call at your time. Prof. Fenker will call at your time.

RHEUMATISM AND BRIGHT'S DISEASE

Prof. Fenker was quickly relieved of both ailments by using Bismuth.

If you suffer from any form of Rheumatism, Bismuth is the only medicine that will cure it. It will cure you quickly to remove the cause of the disease, and the disease will be cured.

Prof. Fenker has demonstrated that the cause of the disease is the natural Bismuth, and the disease will be cured.

The many years I was troubled with Rheumatism, and I was cured by the use of Bismuth. I was cured by the use of Bismuth. I was cured by the use of Bismuth.

Testing of Cows

A common question in the cattle country is "How are the cows doing?" The volume of thought that they are given is a measure of the care and careful attention that they may or may not receive. It is not surprising that they deserve, but do not get! Let us make the question a two-part one: "How are the cows doing?" and "What milk." Is it possible to account for the remarkable differences in yield that are to be found? For instance, in the Ohio River valley, a certain locality 100 cows that gave 10 pounds of fat in one month, but 20 cows close by in the same locality gave 20 pounds of fat in one month.

Light Have Developed Into a Star Football Player

In the opinion of Dan McGugin, the famous Michigan football player, Ty Cobb would have made just as great a name for himself as a football player as a diamond star, had he stuck to the gridiron game. The reason Ty Cobb became a baseball star, says McGugin, is because he made a careful study of the game. Some of the

turned forward and began her song. It was a fine song and it went to the hearts of the Cubans who heard her. It told of wine and love and battle, rousing their spirits that they saw the senorita the veritable incarnation of these things. They stood up the floor, upon the chairs, waving their hats, shouting for an encore. And, whirling in the play of colored lights, until she seemed like a sea fairy, angled in masses of slimy drapery, a senorita spun.

Then, all of a sudden, she stopped.

**GEORGE SISLER**  
monumental young pitcher of Michigan University. Joe Nugden, the Detroit scout, says of him: "He has the best curve of any left-hander I ever looked at." Few college players know how to run bases and not many slide properly. Sisler is an aggressive runner and has the hook slide down to perfection. His one fault seems to be over-anxiety to hit. He is almost as brilliant as an outfielder as he is the pitcher's box where his specialty is the spit-ball.

## FINDS "SLIT SKIRT" WOMAN BY TRIBE OF WILD WOMEN

Dr. C. V. Ball, Missionary, Tells of Strange Race in New Guinea, Where Latest Fashions in Garments are So Novelty—Cannibals Still Exist.

NEW YORK, Oct. 9.—Timothy people. Standing near a large lake and women of a race never before seen by white men were described here today by the Rev. Dr. C. V. Ball, Methodist Episcopal missionary, who had just completed a voyage around the world. The new, or, as he called the ancient race, lives in the interior of New Guinea, his woman wear "slit skirts" made from the bark of a tree and his men are considered tall, strong by more powerful ones living near by.

"With the aid of the Dutch Government of the island, another white man and several native soldiers, we took canoe at the mouth of the Fly River, in New Guinea, and for nearly four days followed the river to a point three hundred miles inland known as Wau, New Guinea, the home of the Manokri, a tribe of head hunters, where we landed, he said.

"Pursued by choppers, who cleared a path for us through the jungle, we traveled for five days to the mouth of the river, stopping at small villages in the way. In one of them we were captured and taken to a place called Wau, where we were held for several days.

"On the fifth day after we left Wau, and, nearly a day's journey from the nearest river, we found the new

Conspiracy to Destroy the Herald Company is Alleged.

MONTREAL, Oct. 9.—A suit for one hundred thousand dollars damages on account of an alleged conspiracy to destroy the Montreal Herald and to ruin its business, was entered in the Superior Court today by the Herald Company, Limited. The defendants are the Montreal Star Publishing Company, Limited, the Montreal Standard Publishing Company, Limited, the International News Service (a New York corporation controlled by William Randolph Hearst), Sir Hugh Graham, owner of the Star and Standard, and Charles P. Crammond, managing editor of the Star.

Particulars of the allegations upon which the suit is based are given in the Herald's declaration, which alleges a projected and widespread conspiracy on the part of the defendants and other persons unknown, to prevent the Montreal Herald from having access to certain sources of supply for news, and to prevent the Herald from securing its circulation-building fund.

It is also alleged that the Canadian defendants formed a secreted syndicate to prevent the Montreal Herald from having access to certain sources of supply for news, and to prevent the Herald from securing its circulation-building fund.

## TEALING ABOUT GOODS AND DEALING GOODS.

There are many methods of advertising open to the national manufacturer, all with merit. There are many ways that can be left about his goods. But there is one best way for a manufacturer to sell his goods and it is through direct advertising to the consumer.

The ideal plan is cooperative newspaper advertising between dealer and maker—no talking about the goods and the other, no pushing them at the store, and no placing them where they can be seen.

Direct sales on a satisfaction basis are an almost sure thing for the dealer and a fair return of cooperative advertising.

# A Satisfactory Suit

It's the Wear of the Fit that always makes a Suit of Clothes satisfactory or disappointing!

It's very easy for a salesman to have you slip into a suit, show you before a mirror, pat you on the back and say: "Did you ever see anything fit so perfectly? Look at the way that collar hugs the neck; how well the shoulders set! But how about the Wear of the Fit? That depends upon the Tailoring!"

Our Clothing has a Fit that Will Wear, because it is Hand-Tailored by the most expert Workmen.

INSURGENCY OF THE NAVY QUESTION

There is nothing in the wide world of the Toronto Globe so much disliked as truth. With its usual aptitude in detecting facts and deliberately misrepresenting conditions it now declares that the Conservative Naval Policy is a mass of inconsistencies. It fails to mention the many policies of the Liberals on this question as proposed and voted for by that party during the last session of Parliament.

In 1909 Laurier declared himself in favour of a Canadian naval service in co-operation with the Imperial navy, both to be under one control.

In 1910 the Laurier Naval Service Act was so framed as to provide complete separation of the Canadian from the Imperial navy. The Canadian navy was to be absolutely neutral in time of peace.

In 1912, on the advice of the Admiralty, Laurier refused to supply even one fleet unit.

In 1912 Laurier declared two fleet units were necessary. Why, then the refusal of one in 1912?

Policy One: It was a definite naval policy was unmistakably proven during the course of the naval debate in the House of Commons last year. A few examples of the vagaries of the Liberal party, but by that great (7) Imperial statesman, Sir Wilfrid Laurier, will suffice.

Policy Two: On February 12th last, Laurier and his party voted that \$35,000,000 should be appropriated in a lump sum for immediately increasing the naval force of the Empire.

Policy Three: On the same date the Liberals voted that the Canadian navy should actively pursue a course of permanent naval defence, enabling an ultimate expenditure of at least \$150,000,000.

Policy Four: Again on the same day they voted that the Laurier Naval Service Act of 1910 should be carried out.

Policy Five: On February 12th last, Laurier and his party voted after redistribution and a general election.

Policy Five: On May 15 they voted that the \$35,000,000 should be expended by a treaty vote.

In view of the above conglomeration of policies, can the Globe have the hardihood to declare the Liberals are consistent and sincere?

Mr. Burden there were political expediency to the winds. He went to Great Britain and found out what was needed. He proposed that the Imperial navy be used in the best and most serviceable manner exactly as the Admiralty recommended. His policy is one of complete non-interference. His policy is what the Admiralty suggested and what the Empire requires.

Mr. Burden, because the temporary setback due to the Laurier policy in the Senate, Canada's right to the Empire will be honorably discharged. Mr. Burden, backed by the great majority of loyal Canadians, is determined to stick.

proved in all circumstances a surplus for the very good reason that it was too large filling the pockets of party friends. The people will not be deceived.

Sir Wilfrid's recent statement will be further discounted when it is remembered that he came into power a penniless Free Trader but now he is developed into a strong Protectionist.

Mr. Burden, because the temporary setback due to the Laurier policy in the Senate, Canada's right to the Empire will be honorably discharged. Mr. Burden, backed by the great majority of loyal Canadians, is determined to stick.

# ANNUAL MEETING OF THE WOMEN'S CHRISTIAN ASSOCIATION

The thirty-fourth annual meeting of the Women's Christian Association of the city was held in the Council Chamber of the city hall last Tuesday evening, and many were present.

The session in the absence of the President, Miss McKee, was in the chair. The first order of business was the reading of the report for the past year presented by the officers elected. The report was of an encouraging nature and demonstrated as usual the activity of the noble band of ladies who compose the Association. A synopsis of the report is given.

## RECORDING SECRETARY.

Miss M. C. Miles, acting Recording Secretary, presented a lengthy report dealing with the workings of the Association during the past year. A synopsis of the report is given.

The Association started the year from a low tide and a struggle to the bank. The only lack noticeable in the failure of the members and particularly by the treasurer, to attend the meetings. The work of the Association would be greatly strengthened and broadened if the trustees and members would only more faithfully attend meetings.

The Association feels that they have suffered considerably by the loss of workers and officers. The loss of Miss McKee, owing to illness, has been keenly felt, for in many years she has been a valued number of the Association.

Early last fall the Treasurer, Mrs. Macdonald, issued a necessary notice on account of absence from the city, which to the regret of her fellow workers, for her clear conscience and business ability made her a most valuable official.

During the year long "felt" was being supplied, namely, the furnishing and equipping of an operating room at the hospital. Donations from citizens to the amount of \$10.00 were given the ladies and a handsome gift was given by Mr. Francis of Rochester. The work of our hospital has been an extremely heavy demand all that is best and needed to facilitate the labors of the doctors, superintendents and nurses.

We are gradually filling the most grand building on the corner of Main and each year on the interest, but to keep building such as our hospital in regular means great expense.

The fact that we have a greatly assisted to our credit does not mean that we can lightly rest on our oars, for the amount of expenditures are numerous. For instance, the entrance is rolling away, and to put on top of that will be fitting in the new hospital, we will have considerable expense. The laying of timbers on the floor of the hospital to enable us to build other repairs will more than exceed this year's surplus. It is necessary for us to keep our budget up-to-date, so that we can obtain and retain both patients and funds.

In the Home there has been little change, but some improvements are needed, such as new iron and tin in the kitchen, and it is to be hoped that ways and means will be found for doing this work this summer.

The Industrious Department, under Mrs. Verneville, and her valued workers has carried on its usual good work, making up for the loss of time and lightening the burden of many a cheerless home.

To the other standing committees, the Hospital Board Auxiliary, Doctors, Nurses, Magistrates and Jail, such as the Association is under obligation to them for their services, and we hope to make this year such a successful one, to the Advisory Board, the Mayor and City Council, and the various contributors of Block Day, the various committees. As we have been back over the year and count the blessings that have come to us, we gather fresh courage to go forth with the work, feeling that needed strength will be given us to undertake all that is before us.

## Sensational Escape of a Small Boy

Myrtle St. at 8 P.M. N. Y.  
 Physical Returns to His Mother  
 at Pictou.

Raymond Webb, the adopted son of Dr. H. C. Webb, Syracuse, N. Y., was taken from the home of his foster parents on the other day, and made his way to the home of his mother, Mrs. Owen Hammett, Pictou.

The little fellow, who is said to be about seven years old, but looks younger, tells an interesting story of his journey. He admits to having been a good boy, but he says he was told to be rather sensitive for a child of his age. He says he was told to be sensitive for a child of his age. He says he was told to be sensitive for a child of his age.

On Sunday, according to his story, he was left at home while the rest of the family went out in the automobile. With his thoughts turned toward his mother, he studied the map and traced his route from the city to Pictou. Tuesday morning he was in Pictou, and he was told to be sensitive for a child of his age.

When the conductor pounced him, after having Syracuse he wanted to know his name. He told him that the conductor wanted to know if he had anything to show that Raymond Webb was his name. The little fellow turned up his coat collar and showed his initials on an cuff button. This satisfied the conductor, and he gave the last barrier to him progress.

He tried to talk with a foreigner on the train, but was unable to understand him. At a stage named he boarded the Kingston boat. On the boat two men asked him some questions. Kingston. He had been turned up the city in an automobile and could tell them something about the train.

At Kingston he walked off the boat with the rest of the passengers. He was taken to the immigration officer. He had no baggage. There was a stage waiting for him from the boat. He asked the driver where he was going and he was taken to the stage. He asked the driver where he was going and he was taken to the stage.

## PRINCE ARTHUR AND DUCHESS OF FIFE WEDDED YESTERDAY

Royal Wedding Took Place in Chapel of St. James Palace—Large  
 Gathering of Royal Relatives and Diplomatic Representatives Wit-  
 nessed the Ceremony—Many Presents Received by Bride  
 and Groom.

LONDON, Oct. 13.—Prince Arthur of Connaught, sixth son of the Duke of Cornwall, Governor-General of Canada, and Princess Alexandra Victoria, Duchess of Fife, eldest daughter of the widowed Princess—Royal Wedding, were today wedded in the chapel of St. James Palace, where both of them had been baptised.

There was room for less than 300 in the simple, though daintily decorated chapel, but still since the coronation of King George had there been such a gathering of royalties and noble personages as on this occasion.

Besides King George, Queen Mary, Queen Mary Alexandra, the King and Queen of Norway and other royal relatives of the couple to be wed, there were several members of the diplomatic corps, the British cabinet, and of the royal household and of a few distinguished persons who had been especially invited.

The ceremony was extremely simple and was performed by the Archbishop of Canterbury, a bishop of London as Dean of the Chapel Royal, and Canon Edgar Sheppard, sub-dean of the Chapel Royal, before an altar embellished with gold and silver.

Amongst Prince Arthur's wedding presents are from the French, the Cabinet Ministers of Canada, a handsome dinner service of Canadian cut-crystal, from Lord Grey, a statue, from Viscount Halifax, a daguerre type, from the Comptroller of Customs, a silver vase, from Capt. Walter Long, a Malacca cane, from the Duke of Devonshire, a silver tray, from Lord George, a silver stand; from Lord Minto, a few acres from Mount Ararat, from silver plate; from Sir Charles Lloyd.

twelve walking sticks, eleven pairs of gloves, twelve pairs of paper knives. The bride, who the King appointed Knight of the Thistle, made her first of the present ceremony in Scotland, the bridegroom, who took the place of the bridegroom, the Duke and Duchess of Cornwall, will leave Liverpool on Friday for Canada.

## Governor Sulzer Declared Guilty

Impeachment Court Finds That the  
 Governor of New York Failed His  
 Campaign Statement.

ALBANY, N.Y., Oct. 13.—According to a carefully selected report that came from the impeachment court, Governor William Sulzer was found guilty of having made a false statement of campaign contributions, the charges set forth in Article 1. The seven other articles will be taken up tomorrow.

The vote reported was 15-10. The resolutions required for conviction in 28 of a vote of one vote would have won the Governor. Four of the charges of Appeal were found to be "not proved," but "guilty," including the chairman, Chief Justice Edward M. Cullen.

## Mexico Drawing To Revolution

Robert Greying That General Huerta Cannot Hold Position Much Longer Now.

WASHINGTON, Oct. 16.—The Mexican situation today is in a worse condition than it has been since the death of Maximilian was killed. This is the view taken by the Washington analysts of the situation. At the present moment the next step must be taken by President Huerta, and it is believed that he will be alarmed by the American claim that he has forfeited his position to revolution. It is believed in Washington that General Huerta is at present in a frame of mind which would permit him to think over the situation dispassionately. There were told today that he had returned home and had several reasons, so why not let us leave the Mexican situation alone? It is the sentiment about the State Department and White House today. President Wilson's policy, which has been followed, may have its results after a while. There is no denying the fact that the attitude of the United States has prevented the Huerta Government from gaining friends among other nations.

It is true that General Huerta, who the United States has been friendly to him and willing to give him open or secret aid, could have every one as a friend, but there is a strong desire in the State Department that he will be able to last much longer with no one but himself.

If this prediction is true, General Huerta will not be able to maintain himself much longer, as he is short of funds. Unless some rich foreigners come to his aid, he will be forced to leave. Some Americans have been told that he is believed that General Huerta is very rich. His riches will close up suddenly with the General, guaranteeing for particular and a riot of blood and chaos following the influx of his enemies.

## \$12,000,000 to Groom \$2,000,000 to Bride

BALTIMORE, Md., Oct. 16.—Despite the efforts of the family to keep it quiet it leaked out yesterday that the wedding of the bride and groom, which was held at the Hotel Hamilton, was a very grand affair. The bride, who was Miss Frances S. Dixon, of this city, was given a cheque for \$12,000,000 as a present from her father-in-law. The bridegroom, who was Mr. J. H. Dixon, of this city, was given a cheque for \$2,000,000 as a present from his father-in-law. The wedding was held at the Hotel Hamilton, and was a very grand affair. The bride and groom were married by the Rev. J. H. Dixon, of this city.

## THE GREAT MYSTERY

How to get the most for your money is not such a mystery after all if you sit down to think it out.

It is simply money spending with knowledge, and the 100 cents' worth of satisfaction in service whether you are in a house or a harp.

Advertising in five daily newspapers like The Intelligencer gives the advertiser a chance to reach the thousands before he takes your "choice."

There are no advertising readers and there is no advertising that is not in the advertiser's hands.

## THE MADOC TRAGEDY OF A FEW WEEKS AGO RECALLED

Body of Edward Frank, The Luminant Lad, Found in a Discarded Mine—Did He Commit Murder and Suicide?

On Saturday, September 22nd, the body of Madoc Frank, who was naturally much excited over the tragedy which occurred there. A young man named Madoc Frank, was found dead at his home on the Eldorado road, about three miles from Madoc village, death having resulted from a shot which was fired at close range. At the time of the terrible affair the victim was alone home with an adopted son of Mr. Frank, who went by the name of Edward Frank. At the time it was believed by the police, and by him the gun which was the instrument causing death. Although efforts were made to locate the young man no trace of him was found until yesterday when the body was discovered in a discarded mine near Madoc. Whether the young man met death by accident or other means were unable to learn. The finding of his remains has caused considerable comment.

## WOMAN'S MISSIONARY SOCIETY IN CONVENTION AT FOXBORO

The 28th annual convention of the Belleville District Women's Missionary Society of the Methodist Episcopal Church was held at Foxboro, Wednesday, Oct. 16th. Devotional services were conducted by Mrs. H. C. Dwyer, president, and Mrs. Levi Meyer, first vice president. The convention was opened by the singing of hymns, and the reading of the minutes of last year's meeting. Mrs. Meyer was elected secretary and Mrs. Dwyer was elected treasurer.

The convention was held at the Foxboro Hotel. The program for the week included a variety of social and business sessions. The women of the district were represented by a large delegation, and the convention was a success in every respect.

Mrs. Platt, who retired this year, after twenty years' service as president of the Bay of Quinte Branch, reported that the W.M.S. women had a little more time to work and prayer. The convention passed a resolution expressing its appreciation of the work of the women of the district.

The afternoon session opened with a prayer service, led by Mrs. F. J. O'Brien, after which a paper was read by Miss Morlan on the "Crisis in the Responsibility of the Woman of Today." The paper was well received and was followed by a discussion of the subject.

Then followed reports of the three circles, five bands and twenty-three cells of the twenty-four divisions of the district. Belleville, the largest district, raised last year \$3,000, an increase of \$400, and of twenty-one new societies in the branch, there were in this district.

### Letter From Mr. J. J. B. Flint

To the Editor of The Intelligencer.  
My dear Sir.—During my trip to the States, I have been very much interested in the work of the women of the district. I have seen many of the women who are doing so much for their fellow women, and I am very much impressed by their work. I hope to see you again soon.

## Four Profits From One Job

Why H. R. Has Got so Much—One Contractor Made \$750,000 by Simply Farming Out the Actual Work to Others.

OTTAWA, Oct. 21.—The report of the investigation into the construction of the National Transcontinental Railway is nearing completion and will be produced when Parliament meets. The investigation by the committee, Messrs. Giddens and Staggan, has been very thorough. Every contract has been examined and every mile of the line inspected. The information is that interesting results are to be expected. The primary object of the commission was to determine the reasons for the extraordinary discrepancy between the estimate of cost and the actual cost of the line. This, it is known, is likely to be pretty well cleared up.

One of the potent factors in the high cost is the system whereby each contractor, without putting forth any effort themselves, reaped very handsome profits on the enormous contracts. They were successful in many cases as they were in the case of the railway. It is known that the contractor has received \$750,000 from having received \$100,000 for the work. The contractor has also received \$100,000 for the work. The contractor has also received \$100,000 for the work. The contractor has also received \$100,000 for the work.

## CENTRAL WEST SWEEP BY DISASTROUS BLIZZARD

Heavy Fall of Snow is Reported in Regions of the Upper Lakes and the Dakotas, North Ontario Also Gets its First Snow Storm of Season, About Three Inches Falling.

CHICAGO, Oct. 22.—Special-Central Western States to the Rocky Mountains and north to the international boundary line, were swept yesterday and covered with a blanket of snow following a bitter north-west wind that came with the ferocity of a mid-winter blizzard. In the north-west, especially Wisconsin, Minnesota, the Dakotas and Northern Michigan, several deaths resulted from the chilly blast and the blinding snow. Lake Superior points tonight report several boats as being overboard and possibly in peril, and all traffic abandoned.

In the northern states the snow-fall was as heavy as four inches. At

# **Nominations Were Made Yesterday**

**Wm. H. Trux, Liberal**  
**W. B. McGill Conservative**  
 Candidates for the South River by-election.

WALKERTON, Ont., Oct. 24.—South River nomination for the federal by-election held here yesterday was held at the residence of Mr. Wm. H. Trux, Liberal member of Parliament, and Mr. Wm. McGill, Conservative member of Parliament, who were the respective candidates for the Liberal and Conservative parties.

Great interest was attached to the occasion, because it was not only the nomination of the candidates for the riding but also gave an opportunity to have lines of the campaign discussed by the Hon. Charles F. Fox, Liberal member of Parliament, and the Hon. Arthur Meighen, Minister-Governor.

# **Six Months' Sentence For Old Offender**

William O'Connor, who was wanted in this city on a charge of theft, was yesterday at Peterborough sentenced to six months in the local penitentiary for stealing a horse and rig. O'Connor is known in this city and his name is well known to the police. He had previously served a term in the Ontario Reformatory.

O'Connor, in conversation with a Peterborough Review reporter yesterday morning, said that he was an old inmate of the penitentiary and had often played against Constable McLaughlin, who was a well-known figure in the local scene. He was now in the penitentiary for the first time in his life. He was now in the penitentiary for the first time in his life.

# **May Exchange Some Colonies With Germany**

The inhabitants of Alsace, north of France, are in a state of trepidation owing to the declaration of a girl, who continually sees visions of John of Arc, that a miracle is about to occur.

Removal of a Ring

Some Points to Remember For Removing a Ring

Prospective buyers have difficulty in getting a ring of an alloy. It becomes hot by the swelling of the alloy or by the swelling of the finger. It is not only the swelling of the finger, but the swelling of the ring itself. It is not only the swelling of the finger, but the swelling of the ring itself. It is not only the swelling of the finger, but the swelling of the ring itself.

**BANE OF MOTHERS**

Discussion of This Troublesome Disease and Its Treatment by  
**Dr. R. H. PIERCE**

Whooping cough is a contagious disease characterized by fits of coughing during which a whooping sound is made following a convulsive breath. It is generally taken through direct contact with the sick. First, the throat exposure to the sick room, or to persons, or clothing, and then the sick. The second attack causes the disease to probably in the summer of the year and throat. It occurs chiefly in children from six months to six years of age.

## HINTS FOR MOTHERS

**FAKED FURNITURE**

Imitation "Antiques" are made according to designs "made" in the United States. Faked antique furniture is one of the things that the collector is warned against buying. Experts advise that the very earliest before a "paragon" for name. Even it can be faked, for famous old pensile, both, early Italian, and Chinese paintings can be copied the greatest care, and by the aid of acids and other aids to deceive the untrained eye can be given the appearance of genuine antiques of any age. Wood is the counterfeiters' favorite material. It is easy to make it warm-toned, or put artificially straight into carved parts.

Whop, or warm chest days.  
It is best that the sick-stomach have  
nothing to eat, but a little warm  
brothy, be kept at 70 all the time and  
the air changed frequently. Especially  
at nights should the child have plenty  
of fresh air to breathe.  
The simplest remedy for the disease,  
where the whooping has commenced,  
is a mixture of narsapic and syrup  
of ipecac, ten drops 50, the child  
with five of the latter, 100, of the former,  
two years, given together in water  
every three hours.  
A one per cent. solution of hydra-  
zine chloride, diluted with four parts  
of water, used in 15 to 30 minutes,  
for opening the throat; every two hours  
has almost good results.  
Oxaline, given in the dose of one

**MAGNETIC HAMMER HOLDS TACK.**  
Invention of a magnetic-hammer  
to hold the tack in such a man-  
ner that it is impossible for the tack  
to pull out. The head of the tack  
is constructed magnetically, and the  
point of the tack or small nail will  
hold there with sufficient force so  
that it may hold even pretty well some  
times and under going the pretty fingers  
are usually brutally maltreated  
to get it to drive a few tacks.

surface of the material, it is smoothed with a cloth, covered with paper, using a brush, only parts of a thin plaster being used. The effect is that in time, all traces of the previous shape and to leave the surface of wood very UNRAV. It is then finally washed, dry with a natural surface of potassium bichromate. It is used as a decorative effect of staining the wood. The operation is to dry the surface, could be left to dry, so that the surface has been added. When this has been fully hardened it is carefully smoothed down with glass-paper and finished off with a thin coat of French oil. Walnut is treated in the same manner as mahogany, except that the use of soda in the staining agent and of potassium bichromate.

The plan of the Policy-Holders' Mutual Life Insurance Company of giving every policy holder an opportunity to be re-examined physically once a year by the Company's own physician—thus heading off possible disease—is an important and valuable adjunct written into every policy. More, as another word said, it is a most practical move bound to increase the span of human existence.

the island is expected to be found on May, the rocky islet which lies by the north side of the mouth of the Port, some five miles north of the main island. The island is about two miles in length and two and a half terrors in breadth, has a surface of rather more than 160 acres, but as a large part of it is unsuitable for reasons of its ruggedness, the government only intend to make the 100-acre site necessary to plant the sugar cane. The distance between the islets, however, is considerable, and the islands are decidedly different in appearance. The best score is said to appear in the population of the island is very low, consisting entirely of the crew of the great light-house which sits on the west side of the May. A total of 160 men above the sea.

**"Execution to Her Majesty"**

The actual biography of John Calton, the famous public executioner, was written by his son, the late Mr. John Calton, and is a very interesting and dramatic story of the executioner's life, and the many murders, and

## Powl Supper was a Grand Success

Special correspondence.  
On Friday evening, October 15th, the most successful social event ever witnessed in Pictou was held in the St. Ann's School House under the auspices of the Ladies' Aid of the Methodist Church. In spite of the downpour of rain, the muddy roads, and the darkness when school hours were packed to the doors with guests, and all who had gathered to the fact that the night was spent in the most enjoyable manner.

There were tables set the whole length of the hall and it was indeed a pleasant sight to see them being filled with guests who were all well and happy. The tables were elegantly set with the table cloth being filled with everything that could be thought of to make the meal a most enjoyable one. The ample opportunity to do justice to the food and the ever good things that go with a good feed were not lacking.

A large tent had been erected from Belleville but it did not "weather." Two calls were made by the ladies who were in charge of the affair. The first was to the ladies who were in charge of the affair. The second was to the ladies who were in charge of the affair.

The third was to the ladies who were in charge of the affair. The fourth was to the ladies who were in charge of the affair. The fifth was to the ladies who were in charge of the affair.

The sixth was to the ladies who were in charge of the affair. The seventh was to the ladies who were in charge of the affair. The eighth was to the ladies who were in charge of the affair.

The ninth was to the ladies who were in charge of the affair. The tenth was to the ladies who were in charge of the affair. The eleventh was to the ladies who were in charge of the affair.

The twelfth was to the ladies who were in charge of the affair. The thirteenth was to the ladies who were in charge of the affair. The fourteenth was to the ladies who were in charge of the affair.

The fifteenth was to the ladies who were in charge of the affair. The sixteenth was to the ladies who were in charge of the affair. The seventeenth was to the ladies who were in charge of the affair.

The eighteenth was to the ladies who were in charge of the affair. The nineteenth was to the ladies who were in charge of the affair. The twentieth was to the ladies who were in charge of the affair.

The twenty-first was to the ladies who were in charge of the affair. The twenty-second was to the ladies who were in charge of the affair. The twenty-third was to the ladies who were in charge of the affair.

The twenty-fourth was to the ladies who were in charge of the affair. The twenty-fifth was to the ladies who were in charge of the affair. The twenty-sixth was to the ladies who were in charge of the affair.

Was Formerly a Resident of Belleville, Graduate of Local College, and Connected with Business Firm.

From the *Michigan (Mich.) Chronicle* we learn that Samuel Badgley, now president of the Amalgamated Clothing Company for 24 years and a prominent member of the Central M. F. Lodge, died at his home, 102 Fifth street, last week, following an illness of two to three days. Paralysis was the cause of his death.

The death makes the third among Belleville residents since the death of 1913, when Walter Badgley died at his home in Melrose, Canada. Washington Badgley, another brother, also employed with the Amalgamated Clothing Company, died in Annapolis, September 3.

Until Wednesday, October 9th, his birthday, Mr. Badgley was in good health, attending to his business as usual. Wednesday evening he was not at his home.

Since coming to Michigan 16 years ago, Mr. Badgley has been an active member of the Central M. F. church and was a member of the official board and secretary of the board of trustees of the church.

He went from Canada to Chicago in 1901 and moved from that city to Michigan 10 years ago when John Adams Knitting company came here. He was married to Miss Anna M. E. Church in 1884.

Mr. Badgley was born in Melrose, Canada, October 8, 1854. He died 60 days past 51 years of age at the time of his death. He leaves behind him a wife and two daughters, Mrs. Emily Badgley.

Mr. Badgley was formerly a resident of Belleville, a graduate of the Ontario Business College, and connected with the firm of the Lockport Shoe Store for two years.

**Passenger Coach**  
**On C. P. R. Deranged**

KINGSTON, Oct. 29.—A passenger coach of the C.P.R. train which was here at 7:45 o'clock this morning was deranged about 11:45 this morning as the train was pulling out of Parkville station. The engine and the passenger were seriously injured. The train was derailed and the engine was overturned.

The cause of the run-off was a deranged wheel. Men have been doing a lot of work at this vicinity, raising the new line of the C.P.R. The engine and it was near where the train crossed the old one that the accident occurred. The train stopped 200 yards from where the derailment occurred. It was fortunate that she had not picked up speed, as she might have been a serious accident.

There were a number of passengers on the train. Kingston, including a hunting party party of Capt. R. H. Smith, of the department. Dr. Nicholas and G. M. Martin. There was also one young passenger, Miss Anna H. H. Goffrey. There is a man in charge of Conductor Cooper of this city.

**Admiralty Approves New Zealand**

Main Point in Contribution of British-Cruiser to Imperial Navy—Training Balm and Family Supplementary.

LONDON, Oct. 29.—The Admiralty does not apparently take an unfavorable view of the New Zealand government's action regarding the navy. The main point is that New Zealand has been asked to contribute to the Imperial Navy by contributing the magnificent battleship *Zealandia*, representing an expenditure of fifty millions per head of her population.

This ship, which will now be in home waters, will remain with the Imperial fleet as a member of the wide Imperial fleet of the Dominion at which point she has been assigned to the Admiralty.

"Just take a hint at this, Judge," the Magistrate looked over his desk, surveyed the spectacle on the starboard bow, and asked: "They tell me, young lady, there is another opening like that. Please turn round."

"Um-m. Nothing else?" "Quite done not permit now." "I think you better go to jail for thirty days while your first husband is a few petticoats and other things to you," said the magistrate.

Monty Laurier, Ques. Oct. 29.—(Special)—Following over the law of the afternoon, Henry Thibault of the Montreal, we had and killed by his own rifle in some unexpected way.
